12:30 - 2:00pm | Buffet Lunch, Student Superstars, & Keynote

Panel Discussion: AI’s EDge: Real-World Solutions for Today’s Educational Challenges Main Ballroom

Join **Tom Laliberte** (Bedford SD Assistant Superintendent) and **Dr. Mark MacLean** (NHSA Executive Director) as they co-moderate a timely panel exploring the rapidly evolving impact of AI in schools. A diverse group—including a lawyer, cybersecurity expert, district leaders, educators, students, and a parent—will tackle real-world questions:

- What should schools do if a deepfake targets a student or staff member?
- How can educators spot overuse of AI tools in student work?
- What are the concerns around students bonding with AI companions?
- Which AI apps should parents and educators be watching?
- Where do districts begin with GenAI policies and guidelines?

This conversation will adapt to emerging issues throughout the fall—don’t miss this essential session for staying ahead of AI’s influence in education.

Panelists include: **Nicole Cassamassino**, Digital Learning Specialist, Bedford SD; **Aadi Kulkarni**, Student & TechPals Founder, Nashua HS; **Matt Lowe**, Teacher, Bedford SD; **Pam McLeod**, Director of Cyber Security, ACT; **Thomas Rup**, Chief Technology Officer & NHCTO President, Dover SD; **Craig Sheil**, Digital Learning Specialist, Bedford SD, & **Nicole Tomaselli**, Director of Curriculum, Instruction, & Assessment, Hampstead SD

2:00 - 3:00pm | Closing Reception & Raffle Prizes

Close out **CMTC25** with a reception **FILLED** with **educator-favorite** things like... **CHOCOLATE, COFFEE, and PRIZES!**
